Financial Policy 2020

As a courtesy to all of our patients, we will call to verify benefits and will make reasonable effort to collect from your insurance company, should you choose to utilize insurance. Please understand, however, primary responsibility for understanding coverage limits belongs to the parent. There are instances when insurance may deny benefits (deductible not met, services not covered under the plan, etc.) and you will then be responsible for payment. In the event that insurance denies payment, the family may wish to appeal the matter to their insurance company, and we will support the parent in their effort. Any payment which is deemed to be due from the parent (**private pay/co-pays**) is due at the time of the service.

If a payment plan is required, those terms will be provided to you in writing and agreed upon by both EBS Children's Institute of Oxford and the person responsible for patient's bills. Please inquire with our office administration regarding rates for services.
